RESIGNATION OF SUPERINTENDENT SPEN-
CEK.—Superintendent Spencer, of the Long
Island Railroad, has tendered his resignation
as such, to take effect on Saturday next. The
best of feeling exists between himself and Col.
Sharpe, and it is only to accept a more pleasant
situation that he resigns. He has very pleasant
relations with the Long Island Railroad and its
receivers. He has accepted a position on the
Baltimore and Ohio Railroad at a salary of
\$5,000 per annum. Col. Sharpe held this position
at the time of his resignation. The first
day of the Long Island Railroad, to succeed
Adolph Pappenhagen, in 1877. Mr. Spencer
has shown himself to be the most competent
manager ever in charge of these railroads.

Under his supervision everything has gone
on as evenly as clock work, and perhaps the
best testimony to his ability is found in the
absence of accidents. The roads were never,
prior to his time, operated with a schedule
embracing the number of trains. Such
a thing was never done before. The trains
were the product of accident and confusion.

Under the energetic and liberal management
of Sharpe and Spencer, the Long Island Railroad
has become a model of efficiency and safety.
The business of the road has been one of the
most successful in the history of the country.
Very general praise is expressed at Mr. Spencer's
resignation, and it is hoped that Colonel
Sharpe may be able to find a lieutenant who
can fill his place as profitably. *Brooklyn Eagle.*

COLORED REPUBLICANS.—The "colored
republicans" met last night, A. W. Harris,
chairman, who led the meeting to order
and stated the object to be for the purpose of
calling the wards together to elect delegates to
the county convention, which is called to meet
on Wednesday, October 15th.

It was ordered that the republicans meet in
their respective wards on the evening of Mon-
day, October 13th, and elect the delegates to
a convention for the county and city of Alexan-
dria, which is to convene at the county court
house at 3 o'clock p. m., October 15th.

The wards are entitled to the following num-
ber of delegates: 1st ward, 5; 2nd ward, 6; 3rd
ward, 13; 4th ward, 7. The committee then
adjourned.

The republicans of the 4th ward are to meet
next Monday evening at the colored Old Fel-
low's Hall for the purpose of electing delegates
to the above convention.

POLICE REPORT.—Fred Olsen had a re-
ceiving before the Mayor on the charge of
intoxication yesterday evening, and was sent
to the Grand Jury.

The two men arrested yesterday in the
charge of picking a lady's pocket on the ferry
boat, were discharged, the charges having been
unsubstantiated.

The flock of geese which were held at the
station house, yesterday, for being allowed to
run at large in the city, were released by the
owner and set loose.

A citizen of the 31 ward, for resisting an
officer in the discharge of his duty, was brought
before the Mayor and remanded.

Henry Blush was before the Mayor today,
charged by Emma Dady with abusive lan-
guage. He was fined and discharged.

CORPORATION COURT.—Judge Charles E.
Stuart presiding. Continuation of yesterday's
proceedings. In the case of the Com. v. John
Dunnally, for selling lottery tickets, the jury
last night brought in a verdict of guilty, and
presented to the court a paper signed by all the
jurors recommending him to the mercy of the
court.

It being proved on the trial of the indictment
against Nellie Motley that her true name was
Milly Motley, the Attorney for the Common-
wealth entered a nolle prosequi in the case of
Frank E. Hiden, who stood indicted for marry-
ing Nellie Motley.

To-day the Court sentenced John Dun-
nally to imprisonment in jail until Monday
next, at 12 o'clock m., and to pay a fine of fifty
dollars and the costs of the prosecution.

The Court adjourned till 10 o'clock Monday
morning.

POLICY A LOTTERY.—In the case of John
Dunnally, tried before the Corporation Court,
yesterday, for selling lottery tickets—he being
the agent of what is known as a "policy"
lottery, the jury returned a verdict of guilty, and
Dunnally was sentenced to pay a fine of fifty
dollars and the costs of the suit and to be im-
prisoned until 12 o'clock on Monday, the jury
having unanimously recommended him to the
mercy of the court. By the instructions of the
court and the verdict of the jury in this case,
it is determined that the same known as
"policy" is a lottery under the laws of this
State.

THE MISDEMEANOR CASE.—In the misde-
meanor case of Olsen and Metley, a nolle prosequi,
as stated in yesterday's Gazette, was entered
as to Olsen, the woman's name proving to
be Milly and not Nellie as indicated, and that
reason Oden was discharged, but was ar-
rested and taken before the Mayor, who, after
a hearing, sent him on to the Grand Jury. The
case will, therefore, be brought before the
Grand Jury again on Monday, when another
indictment will be found.

COAL.—Owing to the continued strike at
the Cumberland mines and the temporary close-
out of navigation on the canal, there have been
no receipts of coal, and the supply here is so
short that there have been no shipments this
week, and it is doubtful that the price will
be any lower than the present one. It is
hoped, however, that the coal supply will be
restored in a few days, and that the coal
market will be more active.

THE RIVER.—Affairs along the river front
have quieted, but few vessels being at the wharves,
in consequence of the shipment of coal being
ceased. The river boats make the regular trips,
carrying coal and freight, and numerous passen-
gers. The steamer Lady of the Lake is on the
river, and the shipyard is repairing the
handicapped schooner. The George Lury, a
schooner, will not return to the river before
November.

JEWELRY.—The advertisement of Messrs.
M. W. Galt & Bro., appears in today's paper.
This firm is one of the oldest and most favor-
ably known in Washington, and their stock of
jewelry is one of the largest, handsomest and
most complete ever offered.

LOCAL BREVITIES.

brought in and sold in upper Loudoun by

has just returned from a European tour, will

THE VENOMOUS BREATH OF MALARIA
does not affect the systems of those who use
Foster's Stomach Bitters as a precaution against
it. Nor is it less useful as a remedy where in-
termittent and remittent fever has fully estab-
lished itself, in consequence of a neglect of pre-
ventive measures. It cures the malarial fever
with astonishing certainty, and eradicates this
type of disease, even in its most inveterate form.
This medicine is an especial boon to the emi-
grant population of the far West, where fevers
of a malarial type are particularly prevalent,
but the recognition of its merit is so far from
being limited, that it is known and appreciated at
its true value throughout the length and breadth
of America. Travelers by land and sea, and
residents in unhealthy localities, esteem it
highly, and are its most constant purchasers,
and in a most judicious household for and what it is
the chosen family specific.
